

Hilgers Webinars

All lawyers need CLE credit and it can be obtained from many different sources. At Hilgers PLLC, we believe we have a unique niche in providing CLE presentations to clients or potential clients. Our firm CEO, Sterling Miller, is a former 3-time general counsel and spent almost 25 years as an in-house lawyer. He has written five books, including three for the ABA aimed at in-house lawyers (with a sixth on the way). He also published the popular “[Ten Things You Need to Know as In-House Counsel](#)” blog series. Our CLE presentations leverage Sterling’s incredible knowledge and expertise and the list below is honed to focus on issues of importance to in-house legal departments.

We provide these presentations at no cost to clients and potential clients. We can also create custom presentations depending on your area of interest. Additionally, to the extent possible, we take care of accreditation in the states where your attorneys need CLE credit. If you are interested in scheduling a CLE or learning more, please contact smiller@hilgerslaw.com or info@hilgerslaw.com
